

Us!

What

Among

rated 9+

due to infrequent/mild horror/fear themes and infrequent/mild cartoon or fantasy violence. You play with 4 – 10 players whose task is to prep their spaceship by completing a series of tasks. However, one of the crew is an imposter who is trying to sabotage the game and kill the other crew members.

Among

is Among Us?

Us is free to download and is by the App Store

What do I need to be aware of?

In-app purchases - In app purchase are available priced from £1.99 - £2.99.

Play privately – games can either be played publicly or privately. To just play with people you know, set it to “private” and share the room code with them (this is the safer option).

Chat facility - If your child is playing a ‘public’ game (or even in a private room with people they don’t know) then due to the chat facility, they may meet and chat with people which always creates an element of risk.

If someone the host the room host.

Parental

There is to filter there may the filter)

Inappropriate behaviour -

is being rude, then only can ban that player from so you are reliant on the

Controls

the ability to censor chat bad words out (although be words that get through

TikTok

Direct messaging

What is TikTok?

Users of this guide do so at their own discretion. No liability is entered into.
Current as of the date released 1.12.20.

You must be over 13 years of age to use TikTok.

Users can watch musical clips, record 60 second clips (it includes lots of lip synching and dancing), edit them and add special effects.

Is your child using TikTok?

TikTok have created their top 10 Tips for you, which provides a really useful overview of settings to make TikTok a safer environment:

<https://newsroom.tiktok.com/en-us/tiktoks-top-10-tips-for-parents>

Privacy settings

Find out about TikTok's privacy settings and choose the most appropriate for your child. It is safer for an account to be set to private (therefore only people your child chooses to accept can follow them) although you would still need to talk to your child about only accepting requests from people they know in real life. You can also set whether or not people can comment on their content.

Reporting

As with any app/website your child is using to interact with others, ensure that they know how to delete, report or block another user as well as know how to report any inappropriate content that they come across:

- <https://support.tiktok.com/sv/privacy-safety/block-accounts-sv>
- <https://support.tiktok.com/en/privacy-safety/report-inappropriate-content-default>

Direct messaging/commenting

TikTok has a direct messaging element so users can chat to each other (**TikTok now automatically disables Direct Messages for registered accounts under the age of 16**) as well as the ability to comment on each other's content. There is a risk on TikTok that cyberbullying can occur, or a user can receive unwanted attention from a stranger. TikTok have produced this list of available settings to reduce the risk of this happening <https://www.tiktok.com/safety/resources/anti-bully?lang=en>. It is important that your child understands that if they come across anything that they don't like or makes them feel uncomfortable then they should speak to you or another trusted adult.

Family safety mode

TikTok have created Family Pairing to help you keep your child safe whilst using TikTok. Family Pairing allows parents to link their own TikTok account to their child's account.
