

Year 1 Class News 27/9/21 - 1/10/21

Hello everyone,

It's been another fun and busy week in Year 1. The children have enjoyed being Scientists, carrying out experiments to test their sense of touch and smell.

They have also enjoyed finding out facts about 'amazing' animals.

The class have finished their D.T. topic and their Windmills look very professional. We went out in the garden to test the turbines to see how fast they spun round in the wind!

This week the children have begun our reading practice sessions in small groups and they have enjoyed the new books we have in school.

Thank you for all the reading and work you have done with the children this week.

Have a lovely weekend.

Mrs Furness
