

# Our Amazing Experiences

Who has been eating my porridge? RECEPTION!!!!

**Porridge Science Experiment :** We helped Goldilocks to show that she was sorry for eating Baby Bear's porridge by making some more for him. We explored what happens to the oats and milk when you heat it up and even had a little taste! As a treat, we added jam to change the taste to make it sweet!

**Baptism :** To complete our learning about Baptism, the children took part in role play activities to show what they had learnt. They baptised one of our class dolls, each taking a role from the Baptism story we had learnt. They each made a Baptism candle which they will bring home next week.
