

# St Oswald's Year 2: Weekly Update

8th - 12th November 2021

We have had another busy week in Year 2 as we work our way through our 'Touch The Future' curriculum that we follow in St Oswald's. We have been learning and honing our skills across the subjects. Here is a snippet of what we have been working on this week:

## Hinduism Week:

This week we have been learning about the Hindu faith, specifically how they worship at home. This is what they call Puja. This afternoon the children had a go at making a Puja plate.

D.T:

The children started their topic on structures in D.T. This lesson was all about different 3D shapes and their strength.

PE:

This week in PE we started a series of lessons on orienteering. To begin this series we did some games that encouraged the children to work as a team.

Maths Week:

We are celebrating national maths week this week in school. In addition to our continued work learning about adding two 2 digit numbers we did some shape work on the PE mats. The children were given a 2d or 3d shape and had to make that shape with their bodies.

Stars of the week:

A **HUGE** congratulations to our stars of the week this week Ciara and Evie T! You are both superstars!

I hope you have all enjoyed reading and questioning the children on their new books and once again I thank you for all you have been doing with your children at home.

It has been great working with the children this week and I look forward to more fun learning next week.

All the best,

Mr Coppenhall
