

Y6 Class News 15th – 19th November 2021

Another busy week in the life of Year 6 at St Oswald's. We've continued working on our Touch the Future curriculum and even mentioned the C word – Christmas – and it's only the middle of November.

Nationally, this week, is anti-bullying week and the class have been looking at ways that One Kind Word can make a difference to someone. In Maths we have been consolidating our understanding of factors and prime numbers as well as focussing on sharpening up our mental arithmetic strategies – with very pleasing results. In Science we have become taxonomists and created our own new creature for a friend to classify. This is just a taster of a few of the lessons completed this week and remember you can look at the class overview to find out the skills that your child will be covering in each subject area of our Touch the Future Curriculum.

I would like to extend a huge thanks to Mrs Baguley, Sam's Nanna, for her generous donation of fabrics for the class to use in our D&T lessons. They are very much appreciated and certainly made these lessons a brighter and more colourful experience.

Finally, the C word...we have just begun to learn some of the songs and the words for the Year 6 Christmas Production. This is set to take place, in St Oswald's Church, on Wednesday 8th December. More details will follow shortly so keep an eye on the weekly newsletters and the OurSchoolsApp.

Have a wonderful weekend everybody,

Mrs Crook
