

Year 4's Class News (Week beg 10thDecember 21)

Our main focus this week has been rehearsing the songs and lines for our Nativity. The children had their performance recorded on Tuesday afternoon and didn't disappoint with their clear speaking and enthusiastic singing. This will be available to view on our school YouTube channel very soon.

It was also lovely to see relatives supporting their children in church on Wednesday, and even though the children were nervous and excited they really let go and give their all. It was really moving to see them enjoying their singing so much. I was so proud of everyone!

The children have really enjoyed their science and DT topic on electricity and torches and have become so confident making and using circuits to investigate switches, conductors and insulators. They also showed in their end of term assessment that they had retained the knowledge and skills they had been taught which is fantastic.

TT Rock stars has really taken off in year 4, and now our display is up the children spend a lot of time looking at and discussing their positions. It has created an element of competition and the children desperately wanting to remember difficult times tables facts such as 11×12 which is great news. Please encourage your child to use TT Rock stars as practice makes perfect. I have set a curfew of 9pm so no one can use beyond this time and should all be tucked up in bed.

Have a lovely weekend and I look forward to spending some of the last week on Christmas activities and events to help enrich our learning in school as we fast forward to Christmas.

Regards,

Mrs Neiland
