

# Our Amazing Experiences

Investigating ice : The most popular comment was "Brrr, that's cold!"

Practising tricky words in the reading rocket tent.

Our new penguin small world tray.

Making penguins : A fine motor activity to develop scissor skills. The children cut out various shapes of different sizes to represent the different features of a penguin.

# Our Amazing Experiences

Drawing penguins : The children drew pictures using chalk. They used photos of penguins for support. What a brilliant job children!

Making boats for the sad penguin from our book Lost and Found. The children designed a boat, planned the resources to use and worked together to build it.
