

Year 1 Class Blog w/e 16th October 2026.

We can't quite believe we have almost reached the end of our first half term! The children have made a brilliant start to Year 1, and it has been lovely to see them grow in confidence each day.

Over the past fortnight, we have been working in our temporary classroom while new carpets are being fitted around school. The children have been fantastic at adapting to their new surroundings and have shown great resilience, flexibility and enthusiasm. We are very proud of how well they have coped with the change.

Thank you for supporting your child with regular reading and homework. It really does make a difference to their progress. Alongside reading, we are continuing to focus on correct letter and number formation, making sure children start and finish their letters correctly and form them in the right direction. Any extra practice at home will help reinforce and support their learning in school.

Please continue to check Google Classrooms for homework updates. We really appreciate your support.

We have also been busy practising for our class assembly and are looking forward to seeing you next Friday, 23rd October, at 9am. The children's lines have been sent home today, and we would be grateful if you could help them practise over the coming week.

Next week, we will be starting our DT project. If possible, please send in **one toilet roll tube** and **one empty cereal box** on Monday. Your donations will be greatly appreciated and will help support our learning.

Thank you for your ongoing support. We look forward to welcoming you to our assembly and to another exciting week of learning! 😊

Have a lovely weekend,

Mrs Gambles

Enjoying perfecting
our fine motor
skills...
