Year 1 Class Blog w/e 13th November 2026.

The children were very excited to return to our classroom after half term, having spent the last few weeks learning in the ICT suite. It has been lovely to see them settle back into familiar routines so quickly. We are moving forward with our curriculum at pace, and the children continue to impress us with their enthusiasm, hard work and progress.

Thank you for your continued support with reading, spelling practice and homework. We are very grateful for the time and effort you put into maintaining these routines at home. It makes a huge difference to your child's confidence, progress and ability to keep pace with classroom learning. All homework is carefully linked to what we are learning in school, helping to reinforce key skills and knowledge.

When reading at home, please continue to encourage your child to sound out and decode unfamiliar words independently. Once they have read a sentence, ask them to reread it to help develop fluency, expression and understanding.

We have some exciting weeks ahead as preparations for our Christmas play begin soon and we look forward to sharing this special experience with you.

In the New Year, we will be holding a phonics information meeting for parents, where we will explain how phonics is taught and provide information about the statutory Year 1 Phonics Screening Check. I will be in touch with further details and a date nearer the time.

Thank you for your ongoing support.
